

# ALASKAN<sup>360</sup><sup>™</sup>

## A LIGHTWEIGHT SOLUTION WITH UNPARALLELED VERSATILITY AND MAXIMUM FLEXIBILITY

With the Alaskan360<sup>™</sup>, Rugged Suppressors offers the most adaptable, lightweight, multi-caliber suppressor that can handle hard days on the range, back country adventures and anything in between. The Alaskan360 provides outstanding flexibility as it's rated for pistols and subguns up to 9mm and rifles up to .338 Lapua. Following the Rugged tradition, it is durable and built for a lifetime of use. This is the first suppressor to use the Rugged Universal Mount, or R.U.M., which offers back end modularity by allowing the Alaskan360 to work with all Rugged rifle mounts, as well as industry-standard mounts. This mount is built from US Grade 5 Titanium and is one of the lightest on the market, and when combined with the Alaskan360, the suppressor weighs only 11.8 ounces. Begin your adventure with the Alaskan360; it is time to Live Rugged<sup>™</sup>.

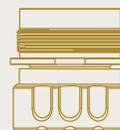

### TOP FEATURES

#### Sound Signature

The Alaskan360 maintains an appealing tone and competitive sound signature. The Alaskan360 provides an enjoyable shooting experience whether you are shooting your pistol, MP5, or long range.

#### ADAPT<sup>™</sup> Modular Mount Technology

Designed with versatility in mind, the Rugged Universal Mount, or R.U.M., is made from US Grade 5 Titanium. The R.U.M. is compatible with Rugged's Dual Taper Locking System<sup>™</sup> mounts, fixed mounts, booster assemblies, and 3-lug mounts, as well as industry-standard mounts.

#### Dual Taper Locking System<sup>™</sup>

Our quick detach mounts feature 2 tapers. The front taper provides a concentric lock up and protects the threads from carbon build up. The rear taper prevents the suppressor from loosening during firing.

UNCONDITIONAL LIFETIME WARRANTY

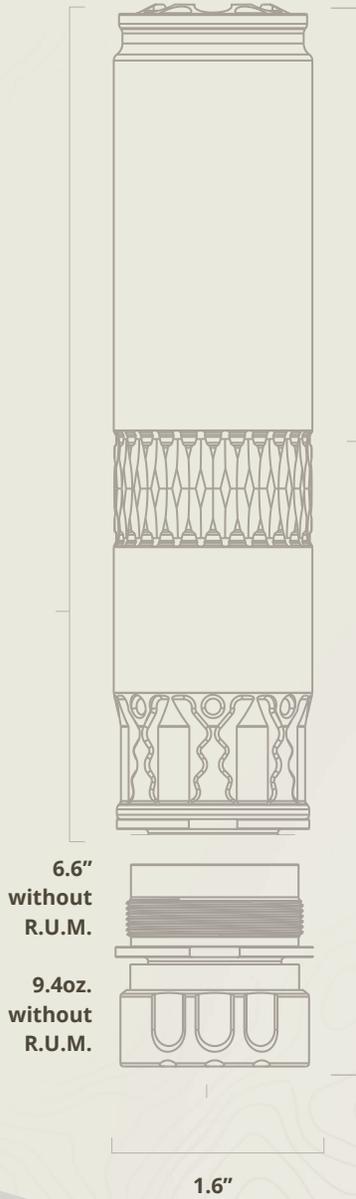

#### Unconditional Lifetime Warranty

All Rugged Suppressors products have an Unconditional Lifetime Warranty. With our strict quality control measures and use of premium materials, we confidently stand behind our products.
